

FISHING *Tournament* AWARDS

Our artist

Marine Art and Trophies is a division of Torogoz Co.

I was born into a very creative family, and my father, Oscar Panameño, the founder of our **Family Business in 1976**, Torogoz Co, always motivated me to develop my art.

Thanks to my company's processes and techniques, I leaned towards the **Design of Metal Products**; this is how I became the **Designer of all the product lines** we produce: Awards, Decorative and Religious Figures, and a collection of Decorative Murals.

But of all the products I have designed, and with which I most identify due to **my love of the sea**, is the line of **Fishing Trophies**. I am proud that we have rewarded competitors' efforts in more than **50 countries** worldwide and continue to grow.
